CU ANDRED      ANDRED: But if you dismantle it, you leave the whole of Gallifrey defenceless./
- 86) 4B  
CU DOCTOR      THE DOCTOR: Exactly. Which is why it's the only way to convince them./ How do you feel about that?

HERBIE: This is hopeless.

LEELI: Yes. None of them is any

HERBIE: So much for that idea..

LEELI: We shall have to attack on  
our own.

LEELI: Who?

LEELI: You and your people, with  
me.

LEELI: There aren't enough of us to  
capture the Citadel. Not if the  
Castellan and his guards are waiting  
for the invaders. They all have  
stingers.

LEELA: Nesbin, you must take your warriors and enter the Citadel over there. Attack the Chancellor Guards, and make a diversion. You must make them think we are all attacking from that side, so they will all rush to defend it. Then I shall slip in through the other way with Jasko and Rodan.

NESBIN: Sounds good. Take care, though.

LEELA: You too.

NESBIN: Come on, Let's go, then.
